PROFESSIONAL SUMMARY

Detail orientated and creative Frontend Developer with expertise in markup and UI development, dedicated to crafting user-friendly and high-performance web applications. Skilled in designing and optimizing interactive pages to enhance user engagement and boost lead generation.

PROFESSIONAL EXPERIENCE

FRONTEND DEVELOPER / TEAMLEAD

CALL TO ACTION / Nov 2020 — Feb 2025

- Designed, developed, and maintained high-performance landing pages, marketing websites, building reusable components, responsive email templates, and lead generation funnels using **JavaScript, ReactJS, NextJS, HTML, CSS and Tailwind CSS**.
- **Optimized website performance**, reducing load times by 70% and refining UI/UX to improve user engagement.
- Collaborated with **designers, marketers, and stakeholders** to create visually appealing and high-converting web experiences.
- **Promoted to Team Lead**, overseeing a team of **4 Frontend Developers** and driving development best practices.
- Established **efficient workflows** between developers, designers, and marketing teams, streamlining collaboration and project execution.
- Led **code reviews, performance optimizations, and feature rollouts**, ensuring a seamless and scalable development process.

MARKUP DEVELOPER / HTML CODER

TCD DESIGN STUDIO / Mar 2020 — Sep 2020

- **Developed pixel-perfect**, responsive web layouts from Figma and Photoshop mockups using **HTML, CSS, and JavaScript**.
- Translated **static designs into interactive, cross-browser web pages**, ensuring seamless user experiences.
- **Optimized HTML/CSS** for faster load times, improved accessibility, and SEO best practices, boosting site performance.
- **Ensured cross-device and cross-browser compatibility**, enhancing user engagement and retention.
- Worked closely with designers and stakeholders to implement modern UI/UX solutions, aligning with business goals.
- **Integrated animations and interactive elements** using **GSAP, jQuery, and CSS transitions**, enhancing visual appeal and user interaction.
